Re: WNBF(AM), Binghamton, New York

Citadel Broadcasting Company
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed October 13, 2006, on behalf of Citadel Broadcasting Company (CBC). CBC requests extension of the special temporary authority (STA) granted on July 14, 2006, for operation of Station WNBF with emergency antenna facilities.¹

Our review indicates that, on February 20, 2007, CBC filed a request for new STA for the purpose of replacing the station's sampling lines. In that request CBC states that the station "is currently operating at licensed power, with proper antenna modes and with monitor points within tolerance." Based on CBC's representation in its subsequently filed request, STA for operation with emergency antenna facilities is no longer necessary.

Accordingly, the October 13, 2006, request for extension of STA IS HEREBY DISMISSED. This action is taken pursuant to 47 CFR Section 0.283.

Sincerely,

Charles N. Miller, Engineer
